## Set a new standard in large format in-house production printing

This professional A0+/B0+ printer adds impact and productivity to larger scale retail, design or presentation materials. It combines speed and reliability with superb, consistent colour from Epson UltraChrome™ ink.

Create exceptional prints up to 44", from rich colour posters to precise line drawings and even screen masks\*. This true in-house production printer combines quality, speed and consistency.

Epson UltraChrome ink ensures superb, long-lasting colour, while simple controls mean you don't need a dedicated operator to get great results. And productivity is further improved by high speed throughput and the reliability for overnight printing.

**Speed, reliability and consistent quality** – bring superb large format printing in-house

**Superb, repeatable colour** – Epson UltraChrome ink produces vivid, long lasting results time after time

**4-colour inks, 8 nozzles** – high speed, cost-effective ink system with two nozzles per colour

**Skilled operator not needed** – enjoy the user-friendliness of our consumer range in our professional printers

**Get precise line drawings** – perfect for computer design, high-quality visualisations and presentations

**Improve your productivity** – high print speeds and excellent reliability for overnight printing

**Take control centrally** – optional software enables remote printing from one location to several printers

**Compatibility across with the Epson range** – achieve consistent results with different printers
